

# HPC in Europe: Context and projects

Jean-Claude ANDRE  
ORAP Scientific Council

---

Review the progress of European initiatives for infrastructures

FP'7: from "Roadmaps " to "Call for proposals"

Multinational projects: from "HPCEUR" to "HET"

---

Review the progress of some major  
European projects

Astrophysics, biosystems, nuclear fusion,  
aeronautics, meteorology

Research and industry

---

# What's new (in France) since the last forum (1/2) ?

---

## 1. New machines

NEC at Météo-France, BG at EDF, Bull  
at CCRT ...

but nothing at CINES

## 2. Institutionnal arrangements

GENCI

FP'7

# What's new (in France) since the last forum (2/2) ?

---

## 3. Support for softwares and codes

ANR "Calcul Intensif et Simulation" again  
in 2007 (Call: mid-January ?, Deadline:  
mid-March ?)

## 4. Statement from the Academy of Sciences

## 5 Other initiatives by "Pôles de Compétitivité" : Ter@Tec ...

---
